Demolition of Wadham College Building, Iffley Road, Oxford

Progress Update 19
27th July 2017

Demolition of the last section of the flats has been stopped temporarily awaiting the removal of some further asbestos.

This will be done on 7th August after which demolition will continue to completion.

Breaking up of external slabs has been progressing throughout the week and materials being removed from site.

The shoring system to the gable end wall of 1 Percy St has been installed ready to break out the adjacent existing foundations which will be carried out over the next week.

Bricklayers are on site continuing with building the new garden wall to 1 Charles St.

Artwork panels from the local schools have been attached to the hoardings.

If you have any issues then as ever please do get in touch.
