The Philip Wright Scholarship for former Manchester Grammar School students

Who can apply?

Any graduate student who is a former student of Manchester Grammar School

Money available: Full fees and living expenses of £8000 or, for those who succeed in securing funding from other sources (i.e. research councils), full payment of college fees

Application details: We do not anticipate the Philip Wright Scholarship being available again until the 2015-16 academic year. The college normally offers a scholarship tenable for one year in the first instance and renewable, within the same course of study, for a two further years. Successful applicants progressing from a graduate taught to a graduate research course cannot 'carry over' the scholarship but are encouraged to re-apply on transfer.

All applicants must also apply to the appropriate funding bodies (eg ESRC, AHRC) and if the successful applicant receives another studentship, such as from one of the UK funding councils, a reduced scholarship equivalent to the standard college fee (currently £2,532) is offered. Otherwise, the scholarship pays the equivalent of standard home University and College fees (up to a maximum of £10,000) and a maintenance grant of £8,000 a year.
